

## Examples Of Good Advertising Banners

### Select Download Format:

Sometimes verbiage that doesn't work for one person may work for another. Sometimes a person will be more likely to respond to a message if it is delivered in a way that is more personal or more visually appealing. This is why it is important to test different messages and formats to see what works best for your audience. Sometimes a message that is delivered in a way that is more personal or more visually appealing will be more effective than a message that is delivered in a way that is more formal or more traditional.
